DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 17 & 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Brando et al (US Patent No. 4,989,419). Brando discloses a chill-retention food service tray comprising: a service tray (10), bottom member (11), a bottom panel (12) for a freezer compartment, bottom rim wall (14), stiffening ribs (15), a top tray member (21) inter-fitted with and affixed to the said bottom tray member (11) and a cooling compartment (27A) consisting of gel and situated below tray.

Allowable Subject Matter

Claims 1-16 are allowed over the prior art of record.

Claims 18,19 & 21-24 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
